Scale Free Flight Brief 102 October 2025

Scale Free Flight at Port Meadow

Results from the very good contest hosted by the Oxford MFC on Port Meadow.

As usual watch out for the reports in the media and Aeromodeller.

We were treated to a flyby of a Spitfire and a low and oh so slow Tiger Moth. Not evident in the photo but in the distance, there was a huge flock of Canadian geese several hundred strong with a couple of swans for good measure.
