

Scale Free Flight Brief 109 April 2026

Indoor Scale Nationals update.

A lot of time waiting for this great event, then its rushing towards us, or so it seems. The organising committee are always on tender hooks a few days beforehand. Everything is ok on paper and promises to be the best yet. We almost reached a point where we were oversubscribed with entries but squeezed them in. FF Kit Scale 29 entries. Gosh! Good problem to have.

As usual the finances for the sports hall and costs are a bit eye watering and every effort is made to break even. With this in mind we are requesting, as usual, donations to the Sunday raffle, big, small, new, old but good, vintage and anything remotely relevant, Scale or non-scale. Very well supported in the past and is an integral event on its own within the Nats.

Final Nats Newsletter by Paul Rich is attached in the email with this Brief.

Lodge Farm

The "first" outdoor meeting (SAM35 Spring Gala was blown out) and contest will be on Sunday 3rd May, weather permitting as usual. I will post an email with a go, no-go decision beforehand (Friday or possibly Saturday if weather forecast is marginal) Best to have a SW breeze preferably, in single figures for a go.

I will run a FF3 Rubber Precision contest and an FF2 Free Flight Scale contest with the emphasis on the best Aeromodeller & Model Aircraft Designs with an additional award.

I have made provision to have a reserve date on the following Sunday 10th May if the weather is against us on the 3rd.

A shout out for Martin's May Welsh

23rd 24th 25th May. May Welsh

A Scale free flight and fun fly meeting in North Wales. Indoor and outdoor flying.

Flying Only Scale and Vintage Power Duration competitions.
