Details are to be found on <https://oxfordmfc.bmfa.club>

Scale Free Flight Nationals

The FFTC has issued a bulletin about the Sculthorpe venue that we were going to use for our Nats contests this year. Unfortunately, the site will not be available due to protected birds nesting on site. It is remarkable how nature takes over given half a chance. We are fortunate to have a plan B and I will propose to the STC that we run the contests at the Scale Nats as we have done for the past few years.

Sculthorpe should be available once the nesting is finished and that will allow us to hold the E.J Riding contest there later on. (20th September)

Not long to go now

There are still a couple of places left for the Scale Free Flight contest on the first Saturday of the World Champs 26. If you would like to be part of this historic event, then go to,

<https://worldscale26.bmfa.uk/free-flight>

Due to the contest being well subscribed the option for double entry will probably not be available.

Balsa Supplies.

Highly recommended, details on poster.

Roger "Dusty" Gibbs was at the Indoor Scale Nats showing and promoting his venture, supplying quality balsa for the discerning modeller.
